

Hunt Midwest

MATT SOBASKI
Manager
Construction

In his role as manager of construction in Hunt Midwest's Shared Construction Services division, Matt Sobaski is responsible for project management, estimation and coordination for a wide variety of projects ranging from underground to surface and industrial to mixed use.

Matt has over 18 years of experience and has been involved in over \$160 million of construction activity. His roles included project superintendent, project manager and estimator.

Matt earned a bachelor of liberal arts degree from the University of Missouri Kansas City. Matt resides with his family in Lee's Summit, Missouri.
